

**Eugenio Maria de Hostos Community College of the City University of New York
Academic Advisement, Division of Academic Affairs**

**Academic Advisement Major Code # 31
For an Associate in Science/Certificate (A.S/Cert) Degree in Community Health**

Community Health

- The A.S. degree in Community Health at Hostos Community College will produce graduates who can provide culturally and linguistically appropriate services to the most vulnerable populations in New York City. The goal of this program is to educate an emerging group of public health professionals in an effort to increase diversity in health-related fields. Students graduating from this program would be in unique positions to join national efforts to eliminate health disparities in New York City and other metropolitan areas in the United States.
- Paraprofessionals who are not seeking an A.S degree, but want to update their skills and expand their employment opportunities may choose to seek a Community Health Worker (CHW) Certificate. The Community Health Worker Certificate could be applied towards satisfaction of College graduation requirements.

Program of Study Leading to the A.S. Degree in Community Health
